

Core 1 Re-Assessments

- Re-assessments on quizzes are available to all students.
- Expectations for eligibility for re-assessment:
 - Quiz corrections must be made prior to re-assessment
 - Corrections required for all questions that received less than full credit
 - Corrections will be made on blank copy of quiz or on your own paper
 - Students may meet with teacher to help make quiz corrections
 - Teacher will check / go over quiz corrections with student once corrections are made
 - Re-assessment should be taken within 2 weeks of the quiz being returned
 - Schedule the date of re-assessment with teacher
 - Re-assessment will assess same concepts, but will not be identical to the original assessment
- New score will be calculated as such:
 - $(\text{Original score} + \text{Doubled Re-assessment score}) / 3$
 - This means you receive back $\frac{2}{3}$ of the point difference
